Overview

This document contains each release that has been deployed under the TestOut Hybrid Server Pro: Core – English 5.0 version. Releases are arranged chronologically, from most recent to least recent.

Each section details the enhancements, fixes, and changes that were made in a particular release. Items include a summary of the change and the type of change that was made. The change types are defined in the following table:

Type	Description
* NEW	Entirely new feature, information, or content has been added.
↻ CHANGE	Significant change in information, behavior, or content.
✓ FIX	Minor edit to clarify information, remove ambiguity, or fix an error.

Version 5.0 Release

The TestOut Hybrid Server Pro: Core – English 5.0 release prepares students for the TestOut Hybrid Server Pro: Core certification exam and the Microsoft AZ-800 certification exams. This release features an entire course update, including new videos, simulations, text lessons, quizzes, and teaching aids.
